Building Products Plus was the first distributor of vinyl sheet piling in Texas

You Get a **60 Year Warranty** Because...

(1) Premium UV protection -- resists degradation
(2) Superior raw materials -- stronger & more stable
(3) Exceptionally *consistent* quality -- developed over more than 25 years of extruding vinyl sheet piling

After more than 20 years supplying vinyl sheet pilings, we've worked with every product *and producer* out there -- and we know who consistently makes the best product. Tidewall.

Tidewall is the quietly consistent producer of the best vinyl sheet pilings in the industry and because they own every step of the process (from raw materials to extrusion) they also have the lowest and most consistent costs -- so YOU get the lowest and most consistent prices.

For the best prices, quality, and warranty, use Tidewall.
