Dock & Pier Materials

Pilings & Marine Treated Wood

When You **Build In or Near Water** Call Building Products Plus for the Longest-Lasting Materials

Since 1993 we have supplied & produced specialty, extended-life building materials:

- ✓ Square & round treated pilings
- ✓ Treated lumber (and marine-treated)
- ✓ Vinyl & wood bulkhead materials
- ✓ Premium deck materials (wood & composite)
- ✓ Dock, pier, and boat house materials
- ✓ Treated poles & posts
- ✓ Farm & ranch building materials
- ✓ Polymer coated wood
- ✓ Custom timber trusses, corbels, and beams
- ✓ Industrial timber products
- ✓ Marine hardware & fasteners
- ✓ FSC Certified® & SFI Certified® wood products
- ✓ ISPM 15 "Heat Treated" wood stamp

A Few Standout Solutions from Building Products Plus

- ★ **Gun Barrel Pilings®:** Uniform-diameter solid wood pilings up to 20" diameter and 52' long
- ★ **Poly Coated Pilings:** Polymer-encapsulated pilings that last about twice as long as regular treated pilings, even in saltwater
- ★ **DuxxBak:** No-drip-through deck system to protect everything below your deck or patio
- ★ **Custom Production:** Custom structural wood components made to your specs, from timber trusses to fender systems
